#### MUSICAL AND DRAMATIC NOTES.

Mr. Bandmann had a fight with an actor at Manchester the other day and kicked his antagonist in the forehead.

"Mimi," at Wallack's, continues to draw good houses, and we shall not be surprised if it runs till the close of the Summer season at that house.

The theatres to open a week hence are the Broadway, with the Aimée opéra bouffe company. The Metropolitan Theatre, recently called the Broadway Athenœum, a variety entertainment, will be opened to-morrow evening with a long list

of attractions. Miss Rose Hersee sings in Haydn's "Creation" and other pieces for a week at the close of the present month at Covent Garden, and then travels in England with the Carl Rosa Opera Company.

The dramatic season opens most auspictously. The first week of the Vokeses at the Union Square Theatre was an immense success, as many as five hundred persons being turned away almost every night. The preliminary drama has been reduced and condensed until it is now a very nice acting play. Mr. Mackay has made another hit in the piece.

Mrs. Scott-Siddons plays Juliet, in Edinburgh, in September, to the Romeo of a young actor who was recently "walking gentleman" at the Lyceum.

Juliets nowadays love wretched Romeos, and Romeos adore most imperiect Juliets. This is indeed the age in which, as the colored actor in Phila-delphia lately said, "every Julio has her Romeet." On Tuesday evening the Grand Opera House be-

gins the season with a new setting of "A Midsum-mer Night's Dream," a new company and a strong cast. Mr. G. L. Fox, as is well known, again plays the part of Bottom, in which he made a great sucsess at the Olympic Theatre some years ago. An interesting feature of the spectacle will be a ballet of fifty children, who have been trained by Mme. Kathi Lannier to perform all the groupings, marches, and solos even, which distinguish their

The interest which attaches to the opening of Niblo's to-morrow evening and the reproduction of "The Black Crook" is like that which forms a part of the anticipation of seeing a beautiful woman at a ball-how will the piece be dressed? The cast is much the same as in years past, even the "Crook" being repre-sented, as of old, by Mr. C. H. Morton, and Mr. George Atkins taking his original part of Greppo. In their announcement the management say it is their design "to offer a spectacle of chaste magnificence from which all objectionable features shall be discarded and to garnish it with novel incidents so as to give it zest as well as brilliance. This is well, and if the promise be kept it will save the representation from the objectionable features which are not, necessarily, a part of it.

### CITY HALL NOTES.

Affairs were extremely dull about the seat of municipal government yesterday. Mayor Have-meyer remained in his office during the day attending to routine business and receiving the

attending to routine business and receiving the few callers who presented themselves.

The case of City Marshal Thomas McGrath came up for hearing before the Mayor on a sum ming up of the testimony by counsel. After hearing argument the Mayor reserved his decision. It is said that McGrath's offence, the particulars of which have aiready been reported, was chiefly the result of the fact that he was not fully posted as to the proper course to be pursued, and that the Mayor will deal leniently with him in censequence.

Secretary Wilder also took testimony on a complaint made by Richard Somers, of the Grand Hotel, against City Marshal Leopold Gerde. Mr. Somers charges that Gerde extorted from him \$50 as a ice. The case was referred to the Mayor.

A HOBOKENITE DROWNED AT ROCKAWAY.

Information was received in Newark last evening that Mr. Ropert Burton, a resident of Hoboken, drowned off the third landing at Rockaway, while bathing yesterday. It seems Mr. Burton, who appeared to be not much over twenty years of age, was seized with cramp, and before assistance could reach him sank beneath the waves. By the time the Magenta started on the return trip to Newark the body had not yet been found.

to 8 per cent, according to drawer and date of maturity. Gold loaned at 7-16 to % per cent for 30 days, % to % for 60 days, and % to 1 per cent for 3 and 6 months.

Further loss in the reserve of our banks is shown by the statement published to-day. Owing to large payments into the Treasury on customs account the decrease in specie amounts to \$2,175,900. To the demand that has set in from the country banks may be partially ascribed a loss in legal tenders of \$1,462,200, although other influences have doubt-less also been at work. The sum total of decrease in the excess over the legal reserve is the difference between \$12,735,650, reported on the 9th of August, and \$9,644,200, reported to-day—to wit, \$3,071,450. During this period loans have expanded \$1,855,000. The percentage of reserve to habilities of the national banks is 29.07; that of the State banks 25.99, the average being 28.69. In this con nection we take occasion to answer the inquiry of a correspondent why a bank statement is pronounced "unfavorable" when it shows an excess of \$6,000,000 over and above the 25 per cent legal reserve. The word "unfavorable" is only used comparatively. Last week, for instance, the excess was \$12,700,000; on the 2d of August it was \$13,800,000; on the 26th of July it was \$14,620,000, and on the 12th of July \$16,435,000. Since the last-named date, therefore, there has been a reduction on the excess of re serve of more than six millions of dollars, a condition of affairs which, when it is remembered that the excess is always a sign of strength, clearly justifies the remark that, as compared with that of a few weeks ago, the statement of to-day is un-questionably "unfavorable," and will continue to ecome more and more so as the figures approach the minimum fixed by law, which is the lowest point tolerated by the government as the basis upon which they can do a legal business. The foltowing is a comparison of the totals for the past

THE UNITED STATES TREASURY.

Washington advices announce a call for an additional fifteen millions of the five-twenties of 1862 by the Secretary of the Treasury. It is understood that this action is responsive to the notification by the Syndicate that they have received that amount of new subscriptions in Eu-rope. As the called bonds are largely held on the continent, it is fair to infer that the bulk of the transaction will be made through the medium of exchanges and without material derangement of the money market on this side-\$13,000,000 of bonds are coupons and \$2,000,000 registered. Interest on same ceases November 16. The following were the balances in the Treasury at Washington
